DISPATCH

Wrangler Action Camper

For just 36,600 Euro (around \$46K), the Jeep JK Unlimited Action Camper can be yours. From Thaler Design in Austria (actioncamper.com/camper), an online translator app informed us that the camper description noted, "The equipment is inconceivably spacious and to experience with all equipped around a comfortable, unforgettable expedition in the remotest areas. Even with closed heavy roof the inside height is enough to sleep during a sand storm, or to cook easy food." And in case you're wondering, the price of the Wrangler Action Camper does not include the Wrangler.
